## HOME INSPECTIONS

### REGARDING COVID-19

BiltRite Home Inspections is still currently open and operating throughout the COVID-19 crisis. Inspections, which correlate with real estate, fall under Housing which is deemed essential under sections (t.) and (bb.) in the Executive Order from Mayor Curry. All BiltRite home inspectors have completed the InterNACHI (International Association of Certified Home Inspectors) exam for COVID-19 Safety Guidelines. Please see below for additional safety measures currently in place.

All BiltRite home inspectors are wearing gloves during inspections, practicing social distancing and hand-washing/sanitizing measures.

For the safety of our clients and inspectors, we are asking that buyers chose a virtual visit to the inspection and final review via FaceTime or Zoom if possible to reduce exposure.

If buyers do physically come to the inspection at their own risk, we are asking they do so in the last 30 minutes of their allotted inspection time, stay 6' away from inspectors and please DO NOT bring any additional people to the inspection.

If the home is occupied, we are asking sellers to preemptively wipe down high traffic inspection areas to include:

- All door knobs
- All light switches
- Kitchen surface areas
- Bathroom surface areas
- Thermostats
